The signatories shall be the sole parties to this agreement.

WITNESSETH

WHEREAS the Board and Association recognize and declare that providing a quality education for the children is their mutual aim and that the character of such education depends on the quality and morale of the teaching service, and

WHEREAS the members of the teaching profession may be called on to assist in formulating policies and programs designed to improve educational standards, and

WHEREAS the Board was statutory obligation, pursuant to Act 379 of the Michigan Public Acts of 1965, to bargain with the Association as the representative of its teaching personnel with respect to hours, wages, terms and conditions of employment, and

WHEREAS the parties have reached certain understandings which they desire to confirm in this Agreement.

In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I - RECOGNITION

The Board hereby recognizes the Association as the sole and exclusive bargaining representative for all certified or professional personnel whether under contract, on leave, or on a per diem, hourly or class rate basis, employed or to be employed by the Board. Such representation shall cover all personnel assigned to newly created professional positions unless the parties agree in advance that such positions are principally supervisory and administrative. Such representation shall exclude Superintendent, Assistant Superintendents, Director of School and Community Relations, Principals, Assistant Principals, Business Manager and any other person engaged fifty percent of the time in the direct administration and supervision of professional personnel. The term "Teacher" when used hereinafter in the Agreement shall refer to all professional employees represented by the Association in the bargaining or negotiating unit as defined above and reflect both genders.

The Board agrees not to negotiate with or recognize any teachers' organization other than the Association for the duration of this Agreement.

ARTICLE II – TEACHER RIGHTS

- A. Pursuant to Act 379 of the Public Acts of 1965, the Board hereby agrees that every employee of the Board shall have the right freely to organize, join and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under the color of the law of the State of Michigan, the Board undertakes, and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by Act 379 or other laws of Michigan or the Constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages or any term or condition of employment by reason of his/her membership in the Association, his/her participation in any activities of the Association or collective professional negotiations with the Board, or his/her institution of any grievance, complaint or proceeding under this or otherwise with respect to terms or conditions of employment.
- B. Nothing contained herein shall be construed to deny or restrict to any teacher, rights he/she may have under the Michigan General School Laws, or applicable civil service laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.
- C. The Association and its representatives shall have the right to use school buildings at all reasonable hours for meetings, provided that when special custodial service is required, the Board may make a reasonable charge therefore. No charge shall be made for use of school rooms before the commencement of the school day or until 6:00 p.m.

- H. The Board may consult with the Association on any new or modified fiscal, budgetary or tax programs, construction program, or major revision of educational policy, which are proposed or under consideration and the Association may be given opportunity to advise the Board with respect to said matters prior to their adoption and/or general publications.
- I. The teachers shall be entitled to full rights of citizenship and no religious or political activities of any teacher or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher. Consistent with the Code of Ethics of the Educational Profession, the private and personal life of any teacher is not within the appropriate concern or attention of the Board.
- J. The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, disability, age, gender or marital status.

- A. The Association recognizes certain rights and responsibilities as belonging finally to the School, and its Board of Education and Administration. 3. The Association shall have the right to compromise or settle any claim made against the Board under this section.

ARTICLE V – TEACHING HOURS AND CLASS SIZE

- A. Teachers shall be required to report for duty twenty (20) minutes before the opening of the students' regular school day in the morning and shall be in the proximity of their classrooms ten (10) minutes prior to the tardy bell. Teachers whose teaching day begins earlier than the regular school day (Early Bird Classes) shall not be required to remain in school after their last scheduled class. It is understood that teachers of early morning (Early Bird) classes shall be scheduled in a manner that allows the teacher to leave one hour earlier than the close of the regular school day.

Teachers are expected to remain in the building fifteen (15) minutes after the close of the pupils' school day. All staff members are encouraged to remain for a sufficient period of time after school to give additional help to students desiring attention at that time. On Fridays or on days preceding holidays or vacations, the teachers' day shall end at the close of the pupils' day.

- B. The normal weekly teaching load in the junior and senior high school will be twenty-five (25) teaching periods and five (5) unassigned preparation periods or not to exceed 27 and 1/2 hours of pupil contact per week. Assignment to a supervised study period shall be considered a teaching period for purposes of this Article. The normal weekly teaching load in the elementary schools will be thirty (30) teaching periods or not to exceed 5 and 3/4 hours of pupil contact per day and not to exceed 28 and 3/4 hours of pupil contact per week. The Administration will attempt to assign newly-employed, inexperienced teachers to the lowest class size at their teaching level.

Should funds become available, the parties shall meet to discuss the desirability and feasibility of a seven (7) period day in the junior high school and/or high school.

- C. All elementary teachers shall be entitled to a totally duty-free, uninterrupted lunch period of at least forty (40) minutes and all secondary teachers shall be entitled to a totally duty-free, uninterrupted lunch period of at least thirty five (35) minutes.
- D. Elementary teachers shall be provided one (1) twenty (20) minute recess period each day. Elementary teachers will be relieved of duty during this recess period. K-5 Elementary teachers will be guaranteed a minimum weekly average of 305 minutes prep time which includes recess.
- E. Teachers of music, art, physical education and the laboratory sciences, librarians, speech therapist, reading consultants, visiting teachers, counselors, social workers, and all special education teachers shall be provided with relief and preparation time to the same extent as other teachers in the District. Preparation time will be given in blocks of twenty (20) minutes or more when possible.
- F. If a teacher teaches more than the normal teaching load as set forth in this Article, he/she shall receive additional compensation at "Rate of Pay" schedule per period for each period he/she is substituting. The teacher shall have the option to select compensatory time when he/she has substituted 360 minutes. Compensatory time must be used in full day intervals only, but not more than two (2) days at a time or more than a total of five (5) days in any given school year. Use of compensatory time shall be limited to one (1) individual per building on any given day. Unused compensatory time shall be paid no more than three (3) weeks after the end of the students' last day of school. **Compensatory time may be used in 1/2 or Full day increments.**

- G. Three (3) preparations is the maximum recommended load for each teacher in grades 7 through 12. If more than three (3) preparations are necessary, it will be agreed to in writing by the teacher, principal, and Association. Each teacher will be encouraged to assume at least one extra curricular activity of supervisory assignment when requested which is not a part of the extra pay reimbursement policy.
- H. Teachers shall not be required to teach outside of the normal classrooms as part of their assignment without the teachers' approval.
- I. No more than two (2) one (1) hour before school teachers' meetings shall be scheduled each month. Notification of the days of said meetings shall be given at least forty-eight (48) hours in advance. It is understood that this does not preclude the scheduling of special shorter meetings for emergencies or extenuating circumstances. Traveling teachers (multi-building assignments) shall be required to attend a maximum of two of these meetings.
- J. If a teacher takes one (1) additional class above his/her normal load for the year, he/she will be compensated at 1/6 of his/her annual salary.

K. Job Sharing

1. Full-time positions for the purpose of job sharing may be made available:

- a. at the discretion of the Board;
- b. upon recommendation of the Superintendent or designee;
- c. with the approval of the building principals in whose buildings shared positions will be located; and
- d. within the allocated staff positions for the current school year;
- e. on a purely voluntary basis.

2. Definition of Shared Time Teaching

For the purpose of this Agreement, job sharing shall mean the occupation of a single staff position by two (2) individuals with each assignment being approximately half-time. In order for a shared position to be approved, the two (2) individuals must complete an application for such on a form mutually agreed upon by the Board and the Association or agree to such a position subject to the conditions of this Article if contacted by the Superintendent or designee.

3. Conditions of Operation

The Board may approve shared positions for the current school year dependent upon the following:

- a. The teachers will not file for unemployment benefits while employed in a shared position of a voluntary nature.

- b. When a shared position is terminated, each teacher partner will return to full employment only in accordance with Article XX as appropriate.
- c. The ability of the district to create a shared position without rescheduling large numbers of students. In lower elementary positions or in self-contained classrooms, shared time positions will be approved only if the students whose parents object to the arrangement can be accommodated without substantial disruption of classes.
- d. If a teacher partner having joint responsibility for the same student is requested and agrees to substitute for his/her teacher partner by the building principal, the teacher will be compensated at half the daily substitute rate for the substitute time.
- e. The teacher partners having attained tenure in the District.
- f. An agreement by the teacher partners that joint planning will be undertaken whenever they have joint responsibility for the same students. In order to accommodate this requirement, individual arrangements will be made with the administration prior to implementation.
- g. The Board and the Association shall work closely together on implementation and evaluation of the shared time program
- h. No teacher in the district shall be involuntarily transferred in order to create shared time positions.
- i. Job sharing assignments shall terminate at the end of each school year, if indicated in writing by either partner, or if sixty (60) days written notice shall be given prior to the end of the school year should the Board decide to eliminate one or all of the job sharing assignments. Early termination of any previously approved job sharing shall be by mutual agreement of building administrators and the teachers involved. In the event a layoff becomes necessary which affects a teacher involved in a job sharing position, the position may be terminated by the Board.
- j. Requests for the shared time shall be submitted to the Superintendent by April 1. Requests which do not comply with the above date shall be treated on an individual basis.

4. Compensation and Benefits

Shared time positions will be compensated as follows:

- a. Teaching salary will be prorated to reflect the fraction of the position shared. The experience and educational step for the teacher will be the same as he/she would be entitled to if employed on a full-time basis. This step will determine the base salary from which the salary fraction will be computed. The cost of positions will not exceed 1.0 staff positions. Teaching half days would mean 50% of full salary.

- b. Full seniority will accrue to a person in a shared time position.
- c. Sick and personal leave will be prorated according to the fraction of the position for which the person is employed as per Article XI, Section 11.1.
- d. The combined cost of fringe benefits for the job-sharing position shall not exceed the benefit costs of one (1.0) full-time position.
- e. Salary may be spread over the school year (21 pays) or over the calendar year (26 pays).

ARTICLE VI - SPECIAL STUDENT PROGRAM

- A. The parties recognize that children having special physical, mental, and emotional needs may require specialized classroom experience and that their presence in regular classrooms may interfere with the normal instructional programs and place extraordinary and unfair demands upon the teacher. Teachers believing that such students are assigned to their classrooms may request the student's transfer and shall present arguments for such request to the Individual Education Planning Team. Special attention will be given to reducing class size where special needs students are placed in the regular classroom of a newly-employed, inexperienced teacher without prior approval of the Association.
- B. Application of this Section shall apply to special education students as defined in IDEA legislation.
1. Mainstreaming is defined as the placement of an identified special education student referenced above in Section A into a general education program for any part of the regular school day. When a general education classroom teacher is assigned a special education student as set forth above, the teacher shall not be expected to perform routine, scheduled maintenance of an apparatus used by the student to sustain his/her bodily functions nor render routine scheduled care or maintenance of bodily functions (i.e. tracheotomy, custodial care, etc.) related to the student's special needs. The teacher shall be informed and instructed as to emergency measures which may be necessary on occasion due to the student's special needs.
 2. On a case by case basis, the District will determine what training if any will be necessary for the general education teacher who has a special needs student in his/her classroom as set forth in Section B.
 3. In assigning a student with special needs as defined in Section B to a general education classroom when more than one classroom placement is available within the building to facilitate the implementation of the student's I.E.P., the Board agrees to consider the severity of the student's condition, the number of other students with special needs assigned to the class and the overall class sizes within the applicable classrooms.
 4. The parties acknowledge that the policy of least restrictive environment is legally mandated. It is also recognized that the extent to which any individual student with special needs should participate in general education programs and services involves considerations of the student's unique needs as determined by an Individual Education Planning Team (IEPT). Although it is agreed that the student's with special needs participation and right to participate in general education programs and services cannot be affected by this Agreement.
 5. The District shall determine the need for a teacher who will be providing instructional or other services to a student with special needs to participate in the IEPT which may initially place (or continue the placement of) the student in a general education classroom. The District shall provide release time in the event the District directs or authorizes a teacher to attend an IEP which is scheduled during the time the teacher is assigned to teach a class.

ARTICLE VII - TEACHING CONDITIONS

- A. The parties recognize that availability of optimum school facilities is desirable for both student and teacher to ensure the highest quality of education that is the goal of both the teacher and the Board. - D. A teacher shall at all times be entitled to have present a representative of the Association when he/she is being officially disciplined, reprimanded, or warned for any infraction of discipline or delinquency in professional performance. - A. Any claim by the Association or a teacher that there has been a violation, misinterpretation, or misapplication of the terms of the Agreement or violation of any established policy shall be a grievance and shall be resolved through the procedure set forth herein.
- B. In the event that a teacher, or the Association believes there is a basis for a grievance, the teacher or representative of the Association within thirty (30) working days of the time the teacher knew of the circumstances giving rise to the grievance, shall first discuss the alleged grievance with the building principal either personally or accompanied by the Association Representative. The grievance process may begin at the Superintendent's level when the building principal is not involved with an alleged incident.
- C. If, as a result of the informal discussion with the building principal, a grievance still exists, the teacher or representative of the Association may, within ten (10) working days, invoke the formal grievance procedure through the Association on the grievance report form, signed by the grievant and a representative of the Association. Said form shall be available from the Association Representative in each building. A copy of the grievance form shall be delivered to the building principal, it may be filed with the Superintendent or a representative designated by him.
- D. Within five (5) working days of receipt of the grievance the principal shall meet with the Association in an effort to resolve the grievance. The principal shall indicate his/her disposition of the grievance in writing within five (5) working days of such meeting and shall furnish a copy thereof to the Association. If the Association desires to proceed to the next step, it shall do so within fifteen (15) calendar days of the principal's disposition.
- E. If the Association is not satisfied with the disposition of the grievance, or if no disposition has been made within five (5) working days of such meeting (or ten [10] working days from the date of filing, whichever shall be later) the grievance shall be transmitted to the Superintendent. Within seven (7) working days the Superintendent or his/her designee, shall meet with the Association concerning the grievance and shall indicate his/her disposition of the grievance in writing within five (5) working days of such meeting, and shall furnish a copy thereof to the Association.
- F. If the Association is not satisfied with the disposition of the superintendent, or if no disposition has been received within five (5) working days of such meeting the Association may proceed to a Board Level Hearing. This grievance hearing shall be heard in closed session, so long as it does not violate the open meetings act.

If the grievance is not settled at the preceding step, it may be submitted to binding arbitration. Within fifteen (15) working days of the receipt of the Superintendent's answer, the party choosing to arbitrate must give written notice to the other party, setting forth specifically the nature of the dispute to be arbitrated. The charging party shall file a Demand for Arbitration with the American Arbitration Association within fifteen (15) days from the notification date that arbitration will be pursued. The arbitrator shall be selected by the American Arbitration Association in accordance with its rules, which shall likewise govern the arbitration proceedings.

- G. The arbitrator shall have no power to rule on any of the following:
1. The termination of services of or failure to re-employ any probationary teacher.
 2. Any claim or complaint for which there is another remedial procedure or forum established by law or by regulation having the force of law, including any matter subject to the procedures specified in the Teacher's Tenure Act (Act IV Public Acts, Extra Session of 1937 of Michigan, as amended).
 3. Any matter involving the content of a teacher evaluation.
- H. The Board and the Association shall not be permitted to assert in such arbitration proceedings any ground or to rely on any evidence not previously disclosed to the other party. The arbitrator shall have no power to alter, add to, or subtract from the terms of this Agreement. Both parties agree to be bound by the decision of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.
- I. The fees and expense of the arbitrator shall be shared equally by both parties.
- J. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible.
- K. Miscellaneous
1. The filing of a grievance shall in no way interfere with the right of the Board to proceed in carrying out its responsibilities, subject to the final decision of the grievance.
 2. No grievance shall be filed for or by any teacher after the effective date of his/her resignation.
 3. Any grievance filed during the life of this Agreement shall be processed through the steps of this procedure regardless of whether such time required may go beyond the expiration date of this document.
 4. Settlements of grievances reached at Step One of the grievance procedure shall not be considered precedent-setting nor shall they prejudice either party in either promulgating or responding to later grievances.

ARTICLE XXIII – NEGOTIATION PROCEDURES

- A. Representatives of the Board and representative/representatives from the Association’s bargaining committee will meet regularly or as needed for the purpose of reviewing the administration of the contract and to resolve problems that may arise. These meetings are not intended to bypass the grievance procedure.
- B. Each party will submit to the other, prior to the meeting, an agenda covering what it wishes to discuss.
- C. All meetings between the parties will regularly be scheduled to take place as promptly as possible at times when the teachers involved are free from assigned instructional responsibilities unless otherwise mutually agreed.
- D. Should such a meeting result in a mutually acceptable amendment of the agreement, then the amendment shall be subject to ratification by the Board and the Association provided that the bargaining committee shall be empowered to effect tomorrow accommodations to resolve special problems.
- E. The Association shall designate a teacher in each school building as Association Representative (A.R.). The Association Representative may ask to meet with the principal for the purpose of reviewing the contract and to resolve problems which may arise. These meetings are not intended to bypass the grievance procedure.
- F. Between March 1st and March 15th, of the year of expiration of this contract, the parties shall initiate negotiation for the purpose of entering into a successor agreement for the forthcoming year.
- G. Release time may be provided the Association’s negotiating committee to permit the parties to alternately meet both during, and after the regular school hours for the purpose of reaching a successor agreement as rapidly as possible.
- H. In any negotiations described in this Article, neither party shall have any control over the selection of the negotiation or bargaining representatives of the other party and either may select its representatives from within or outside of the school district. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board and by a majority of the membership of the Association, but the parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations or bargaining, subject to such ultimate ratification.

ARTICLE XXX – MISCELLANEOUS PROVISIONS

- A. This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in a written and signed amendment to this Agreement.
- B. The individual teacher contract, executed between each teacher and the employer, is subject to the terms and conditions of this Agreement. It is specifically agreed that this Agreement takes precedence over and governs the individual teacher contract and the individual teacher contract is expressly conditioned upon this Agreement. Individual teacher contracts shall be mailed to teachers within three (3) weeks of the beginning of the school year. The individual contract and any supplemental contract hereafter executed shall be provided to the association.
- C. This Agreement shall supersede any rules, regulations or practices of the Board which shall be inconsistent with its terms. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the Board. All teachers covered under this Agreement who participate in the production of tapes, publications or other produced educational material shall retain residual rights should they be copy written or sold by the District.
- D. If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provision or applications shall continue in full force and effect.
- E. Copies of this Agreement titled “Professional Agreement between the Gladwin School District and the Gladwin Educational Association, M.E.A./N.E.A.” shall be printed at the expense of the Board within thirty (30) days after this Agreement is signed, and presented to all teachers now employed, hereafter employed, or considered for employment by the Board. Further that the Board shall furnish twenty- five (25) copies of the Master Agreement to the Association for its use.
- F. The Gladwin Education Association recognizes that strikes (as defined by Section 1 of Public Act 336 of 1947, State of Michigan, as amended) by teachers, are contrary to law and public policy. The Board and the Association subscribed to the principle that differences shall be resolved by appropriate and peaceful means in keeping with the high standards of the profession, without interruption of the school program. Accordingly, the Gladwin Education Association agrees that during the term of this Agreement it shall not direct, instigate, participate in, encourage, or support and strike against the Board by any teacher or group of teachers. This section will be deleted from the Agreement when strike legislation regarding teacher strikes is in effect and signed by the Governor of the State of Michigan.
- G. Sections of this contract may be temporarily suspended by the mutual agreement of the Board and the Association. Changes resulting from the suspension of any section of the contract must be ratified by the Board and Association.

- H. The Board and the Association agree to work together to add the time and/or days necessary to secure full State Aid, while recognizing the increased staff workload, at no additional cost to the district beyond the agreed upon salary schedule.

I. SITE BASED DECISION MAKING

1. The Gladwin Community School Board and the Gladwin Education Association (GEA) agree to explore a process of decision making that will place greater authority and responsibility for educational decisions within building sites. The Association agrees to establish within each building site, a building council which shall include representatives from each grade and/or department and an administrator from that site.
 2. It shall be the responsibility of each council to address the concerns of staff and administration at that building site including those concerns related to contract language and Board policies. Requests for temporary waivers of policy or contract language shall be directed to a joint committee of School Board and Association representatives. Committee recommendations for temporary changes in Board policies or contract language must be approved by the Board and Association prior to implementation.
 3. Waivers of Board policies or contract language shall not be precedent setting and shall apply only to the site making the waiver requests. All waivers shall remain in effect for no longer than one contract year unless specifically granted an extension by the Board and the Association. Building site councils shall evaluate the effectiveness of policy and/or contract waivers and report the results of their evaluation to the joint committee.
- J. If an emergency financial manager is appointed by the State under PA 4 of 2011, Fiscal Accountability Act, the emergency manager may reject, modify, or terminate the collective bargaining agreement in his/her sole discretion. This authority is a prohibited subject of bargaining under the Public Employment Relations Act (PERA).

ARTICLE XXXI – DURATION of AGREEMENT

This Agreement shall be effective as of September 14, 2020 and shall continue in effect until the 30th day of June, 2022. This Agreement shall not be extended orally but can be extended by written mutual agreement.

The educator measures his/her success by the progress of each student toward realization of his/her potential as (a) worthy and effective citizen. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding and the thoughtful formulation of worthy goals.

PRINCIPLE II - Commitment to the Public

INTRODUCTION TO THE PLAN

The District School Improvement Plan described on the following pages is intended to provide a set of guidelines and procedures which will facilitate the review, monitoring, development of curriculum, procedures for proposal adoption, and guidelines for textbook selection and adoption. The plan also describes the curriculum committee structure and representation.

District School Improvement Team (DSIT)

General Statement of Purpose

The prime responsibility of the DSIT is to serve as a communications and coordination body with the ultimate goal of improving the quality of the instructional programs resulting in improved student achievement. It shall also coordinate and oversee the school improvement process. Its authority resides in Article XXVII of the Master Agreement. Its purpose is to review and make recommendations for current and proposed educational programs that are concerned with the present and future needs of children in the Gladwin Community Schools.

Rationale

Effective curriculum development requires collaboration and shared decision making. In order for the decision-making process to provide a sense of ownership for all teachers and administrators who must implement the curriculum, a system of representation and of communication must be established. Such a process provides the structure for effective curriculum development.

The District School Improvement Plan is designed to ensure that each curricular area will continuously monitor and review its program. It also provides an orderly process for proposing curriculum changes and for having them considered by District School Improvement Team (DSIT), and the Board of Education.

Objectives of the District School Improvement Plan

1. Provide a process of curriculum review and development to encourage the involvement of those affected.
2. Ensure that each curriculum area engages in an ongoing process of review.
3. Provide K-12 articulation, continuity, and balance of each subject area.
4. Ensure documentation of the K-12 curriculum through the development of a course of study for each subject area.
5. Provide adequate communication and representation among and within grade levels, buildings, and
subject areas.
6. Ensure taking into account national and state guidelines and best practices based on scientific research.
7. Provide a process that adjusts instructional practices that respond to the needs of the students with input from the community.
8. Provide building school improvement teams with adequate support for: exploring, reviewing, developing, and implementing new and revised programs.
9. Review proposals for curriculum needs.
10. Provide for review of the District School Improvement Plan itself.

THE DISTRICT SCHOOL IMPROVEMENT TEAM

I. COMPOSITION

- A. Four (4) voting members, one (1) from each building SIT, who is a member of the EA B. Four (4) voting members appointed by the Board of Education C. Non-voting advisory members may be appointed by DSIT D. The superintendent, serving as a non-voting member, votes only in the event of a tie E. Meetings will be conducted according to Parliamentary Procedures

II. DUTIES AND RESPONSIBILITIES OF DSIT REPRESENTATIVES

A. Communicate

A major responsibility is to serve as communications liaison between the staff of the building he/she represents and the District School Improvement Team.

1. Keep the DSIT informed about staff curriculum concerns and needs as determined by building SITs.
2. Keep staff informed about proceedings at DSIT meetings.
3. Inform staff members about proposals that will affect them and their curricular area.
4. Make copies of all reports and proposals available to interested persons.

B. Other

In addition to the previously mentioned responsibilities, other specific duties include:

1. keeping a file of DSIT subcommittee reports and proposals.
2. attending all meetings.
3. reading all reports and proposals.
4. acquiring staff input before making a decision.

C. Curriculum Director/Superintendent

1. Will be a non-voting member of all study committees and assist when needed.
2. Will initiate curriculum study as indicated by achievement data and school improvement team input.
3. Will act as a liaison between DSIT and the Board of Education.

III DSIT MEETING DATES

- A. Will be established at the Board of Education's organizational meeting held at the beginning of each new school year in July.
- B. Will meet monthly, additional meetings may be scheduled as necessary.

OPERATIONAL GUIDELINES FOR BUILDING SCHOOL IMPROVEMENT TEAMS

Building School Improvement Teams need to analyze data from various sources (such as MEAP, ITBS, DIBELS, MME, and Benchmark Assessments) to determine areas of strengths and weaknesses in student achievement. Based on the data, building SITs will set specific measurable goals. They will develop a plan to accomplish those goals. Program needs necessary to achieve goals will be formally proposed to DSIT for approval. Any approved proposals will require written follow-ups as scheduled by DSIT. Follow-ups must include data to demonstrate the relative success or failure of the implemented proposal.

I. Responsibilities of the DSIT

- A. To review the instructional program of the building.
- B. To develop subcommittees to study and make recommendations to DSIT for initiating new programs, revising on-going programs, and evaluating the curriculum.
- C. To study and make recommendations involving professional staff development opportunities, through workshops and in-service training programs and activities.
- D. Function as a curriculum problem-solving group and a means for bringing about desirable curriculum change.
- E. To provide procedures for reviewing on-going curriculum programs, and make the necessary recommendations.
- F. To gather and provide data to be used by the DSIT in reviewing and evaluating new and ongoing curricular programs.
- G. Ensure communication with other building SITs when necessary for vertical alignment.
- H. Meet monthly and at such other times as the SIT may determine.

II. School Improvement Team (SIT) Composition

- A. Will have, at a minimum, representation from all building core departments and/or grade levels where appropriate.
- B. Will have teacher, administrative, and parent representation.

III. Procedures

- A. Chairperson is to be selected at the first meeting.
- B. All SIT recommendations or proposals must be in compliance with the "DSIT Request Format."

IV. Reporting

- A. Periodic progress reports should be made to keep DSIT informed. Follow-up dates are included in the format. (See Appendix A)
- B. Any proposals must be typed and submitted to the DSIT secretary at least one (1) week prior to the DSIT meeting.
- C. Follow-up reports must be submitted in writing and may be presented at the time of the DSIT meeting. Copies are to be provided for all DSIT members.

- D. SITs must communicate with all teachers who would be affected by any program prior to requesting the DSIT support and approval of any proposals and recommendations.

DSIT Guidelines for School Improvement Teams

When a School Improvement Team's building or departments approach DSIT for approval for curricular changes, professional development opportunities, or funding, the following information must be presented.

1. **Evidence of Need.** The request must be in direct support of the goals outlined in the school improvement plan. Evidence of this connection needs to be made clear.
 - A. If the request is departmental, the department needs to span grades K-12. Transitions from building to building and grade to grade need to be accounted for. Support for the change/program should be garnered from all levels.
 - B. If the request is for a building, the transitions to and effects on other buildings need to be accounted for. Support from a majority of the staff should be demonstrated.
2. **Supporting Data.** Ultimately, facts are needed to show the likelihood that the proposal will increase student achievement. Data showing that the request is meeting our direst needs is also necessary. Limited funds means that only the highest of academic priorities can be considered at this time.
3. **Cost.** The financial implications of the request must be researched.
4. **Other Options Considered.** Explain what other options were considered and why they were rejected.
5. **Follow-up Date.** It is expected that a date be set where the SIT will report on the progress of the request and share the product prepared as a result of their work. School Improvement Teams should be prepared to show data that clearly shows what impact their request has had on student achievement.

Request for: Summer School

Date: May 16, 2007 **Building:** Elementary **Contact Person:** Super-Teacher

The Proposal: Offer summer school for basic reading skills on: August 6-23, M - Th, 8 a.m.- 11:30 a.m.

Data Providing Evidence of Need:

DIBELS scores have shown that an average of 20% of students score lower in the fall on the basic reading skills vs. the previous spring. This drop makes it difficult to make the gains necessary to reach the benchmarks by the end of the year. Middle scoring groups continue to fall behind in reading throughout the year because the benchmark is raised and they have difficulty catching up. Our school improvement plan requires that students be provided opportunities for extended practice and remediation in reading.

Supporting Data for the Proposal:

Cost of the Proposal (Initial and On-going):

Teachers (10 students per teacher maximum). Approximately 80 students will be recommended for summer school. We anticipate about half of those will attend. 4 teachers @ approximately \$94.50 per day x 14 days (2 days to set up and clean up) = \$5292.00 Snacks: \$300 Travel Stipend for Parents (\$3 per day per student) : 40 students x 3 = 1440.00 Supplies: \$500

TOTAL = \$7082.00

Other Options Considered and Why They Were Rejected:

1. No summer school - rejected because once scores drop it is hard to bring them back up due to ever-increasing benchmark requirements.
2. In-school intervention - rejected because daily intervention is already being done and showing that it is not enough. Teachers are trying to make up the loss before new instruction can move along. Even though progress is being made, the benchmark bar rises rapidly.
3. Put all at-risk students in summer school - rejected because our data shows that students at extreme risk would not gain enough in three weeks to raise their scores to benchmark and they need a longer, term type of intervention.

Follow-up Date and Data to be Provided:

October 2007 DSIT meeting. The September 2007 DIBELS scores will be provided.

Curriculum QUESTions Vision

Gladwin Community Schools received the 2008 Education Excellence Awards for their curriculum reform. Gladwin Community Schools has traditionally had very high achievement scores, but we realized in the past few years we had lost our focus and it showed. Student achievement had slipped to unacceptable levels. After considering several “quick fix” options, we decided that we needed a system-wide culture change to be more focused on achievement. That change was the Curriculum QUESTions Vision.

QUESTions are a K-12 initiative designed to facilitate systematic change in the way we educate children. The process is an extension of the work on professional learning communities by Richard Dufour, and focuses on answering five curriculum questions:

- **What do we teach?** First and foremost our curriculum must be aligned with state standards. Teachers must be given the time and guidance to become intimately aware of the content expectations. This continues to be done through professional development within the district and through the RESD.
- **When do we teach?** Through the development of pacing guides, our teachers have articulated a focused plan of instruction that will ensure that all objectives are taught at the appropriate grade level. Pacing guides are adjusted according to student need by analyzing MEAP results and Benchmark Assessment results.
- **How will we know if the students have learned?** Each core content area at each grade level administers a quarterly assessment. These assessments test the specific content expectations outlined in the pacing guides. The tests are scored at the district level and data is returned to the teachers and administrators within one week of the test date.
- **How do we teach?** As benchmark assessments identify weaknesses in or instructional methods, the school has responded with direct and focused professional development.
- **What will we do with those students who have not learned?** Following the pyramid of intervention model, teachers and administrators are working collaboratively to institute interventions for those students who do not meet the standard performance level on the benchmark assessment.

This process is unique in that it is a systemic approach to raising achievement. Rather than relying on the trend of the day, or fragmented strategies, our process relies on a change in the way we approach all aspects of the learning process- a true cultural shift. Over the course of the implementation, teaching staff were given the time to work in content area and grade level teams to study the state content area expectations and to develop pacing guides that articulate when the objectives are to be taught. The pacing guides are common to the particular level. For instance, all fifth-grade teachers use the same pacing guide in the core content areas, just as all high school algebra teachers use the same pacing guide.

Once the pacing guides were complete, staff was given training and time to develop common assessments aligned with the pacing guide. Each of the assessments was juried by a group of trained staff members prior to being given the first time. These assessments are given quarterly to all students K-12 and are scored at the district level. Test scores have shown improvement and the staff is pleased with the results. The results of the assessments are disaggregated according to many different criteria including all MEAP data fields such as content strand and sub-group. The benchmark assessments provide us with real time data as opposed to waiting for the yearly MEAP reports. We are now much more capable of making data driven decisions during the course of the school year in response to our students’ actual performance.

After reviewing the data, individual teachers or small groups of teachers meet with their building leaders to discuss the data and make plans for improvement. These discussions constantly refer back to the five curricular QUESTions. The results of these meetings are shared with the building school improvement teams, who are then tasked with developing the student interventions, professional development or curricular adjustments necessary to increase achievement.

Each building-level improvement team brings its plan to the district-level improvement team for final approval and allocation of funds. This ensures vertical alignment and compatibility across the district. Through this process we can go from idea to implementation in less than a month.

Another unique aspect of this program is that any approved student intervention, professional development or curricular adjustment is evaluated to determine whether or not the change resulted in an achievement increase. Strategies that raise achievement are kept while those that do not are modified or abandoned.

This process is a true evolution in the way we approach teaching our students. The QUESTions have taught us that we cannot increase learning while working in isolation. We must strive to collaborate with, and support one another. The teaching staff is fundamental in this process. The Curriculum QUESTions Vision is not a means to an end, but a process that will continuously press us to look at what we are doing and the results that we are getting.
